

Bike to Work Day

Friday, May 16, 2008

Choose a route with other cyclists on Bike to Work Day.

In a nutshell, it is our goal to get as many people as possible biking on May 16. This will be done by identifying several routes where people will be riding to work. Hopefully they will be joined by many others who occasionally bike to work or have been thinking of biking to work. We're hoping that they will be more likely to join a large group for safety.

This is a completely spontaneous, last-minute, informal effort. See the website for latest information on who, what, where -- and sign on to one of the groups. E-mail us with questions, suggestions at b2w@icycle.org.
